FASEB Summer Research Conferences (SRC) are a continuing series of intimate inter-disciplinary conferences that explore new approaches in research areas undergoing rapid scientific changes. **Who should attend?** Those heavily engaged in research or are in ancillary fields where an accurate understanding of allied scientific advances is important. **Join over 3,700 fellow attendees!**

**2011 Conference Venues**
- Saxtons River, Vermont
- Carefree, Arizona
- Steamboat Springs, Colorado
- Snowmass Village, Colorado
- Barga (Lucca), Italy
- Crete, Greece

**2011 Conference Topics**
- Hematopoietic Malignancies
- Ion Channel Regulation
- NAD Metabolism & Signaling
- Translational Neuroimmunology
- Mobile DNA in Mammalian Genomes
- **And over 30 more cutting-edge topics!**

(SRCs run June 5 - Sept. 16, 2011. Visit [www.FASEB.org/SRC](http://www.FASEB.org/SRC) for a detailed schedule. CME credits available.)

**Ready to attend? Submit a proposal? Sponsor an SRC? Contact us at SRC@FASEB.org or 301.634.7093.**
TENURE TRACK FACULTY POSITIONS IN NEUROPHARMACOLOGY OR TOXICOLOGY; SCHOOL OF MEDICINE AND BIOMEDICAL SCIENCES, UNIVERSITY AT BUFFALO, STATE UNIVERSITY OF NEW YORK

The Department of Pharmacology and Toxicology is continuing the second phase of an expansion and is recruiting candidates for Assistant, Associate or Full Professor with tenure-track 12-mo fully state-funded appointments. Candidates should have a strong research focus in neuropharmacological or toxicological sciences including drug discovery, targeted therapeutic approaches to diseases, and/or environmental health science. Preferred research topics within these areas include: molecular recognition, signal transduction, neurodevelopment, drugs of abuse, behavior and circadian rhythms, molecular pharmacology or toxicology, pharmacogenomics/proteomics, and/or environmental pollutants and toxic agents.

Apply online at https://www.ujobs.buffalo.edu (Postings 1000512 for toxicology and 1000568 for neuropharmacology).

UB is an AA/EOE.

ASSISTANT/ASSOCIATE PROFESSOR POSITION IN PHARMACOLOGY

The Department of Pharmaceutical Sciences at the Texas Tech University Health Sciences Center in Amarillo seeks applicants for a new tenure-track faculty position at the Assistant or Associate Professor level. Applicants must have research experience in any aspect of molecular pharmacology, pharmacotherapy, experimental therapeutics, drug discovery and development, or drug delivery. The recently reorganized Department has 16 full-time faculty members with research interests in drug discovery and development, pharmacokinetics, pharmacodynamics, pharmacetics, drug delivery, vascular pharmacology, neuropharmacology, and cancer biology, pharmacology and toxicology. A new 48,000 sq. ft. research facility has just been completed to supplement the greater than 100,000 sq. ft. main facility adjacent to the School of Medicine on the Amarillo campus. Amarillo is a town of about 200,000 on the high plains of Texas with excellent opportunities for cultural activities, family life, and outdoor sports. For further information, visit our website: http://www.ttuhsc.edu/sop/PharmSci/.

Applicants must have earned a doctoral degree in pharmacology, pharmaceutical sciences, or related biomedical/life sciences with relevant postdoctoral experience. Candidates who have training in pharmacology or drug therapy are particularly encouraged to apply. The candidates at the Assistant Professor level are expected to develop an extramurally funded research program, whereas candidates at the Associate Professor level should have current peer-reviewed funding and a significant track record of publications. The successful candidate will teach pharmacology/pharmaceutical sciences as well as mentor professional (Pharm.D.) and graduate (Ph.D. & M.S.) students and post-doctoral trainees. Competitive startup packages, incentives, and laboratory space are available. Please submit curriculum vitae, a summary of research and teaching interests, desired rank, and names and addresses of three references online at website: http://jobs.texastech.edu (Job requisition # 82177).

Applications will be accepted until the position is filled. However, those received by November 30, 2010 are assured of full consideration. For questions, contact the Search Committee Co-Chairs Dr. Ulrich Bickel (ulrich.bickel@ttuhsc.edu) or Dr. Reza Mehvar (reza.mehvar@ttuhsc.edu). TTUHSC is an Equal Opportunity/Affirmative Action Institution. Minorities and women are encouraged to apply.
